

Project Demonstration

1 User Input

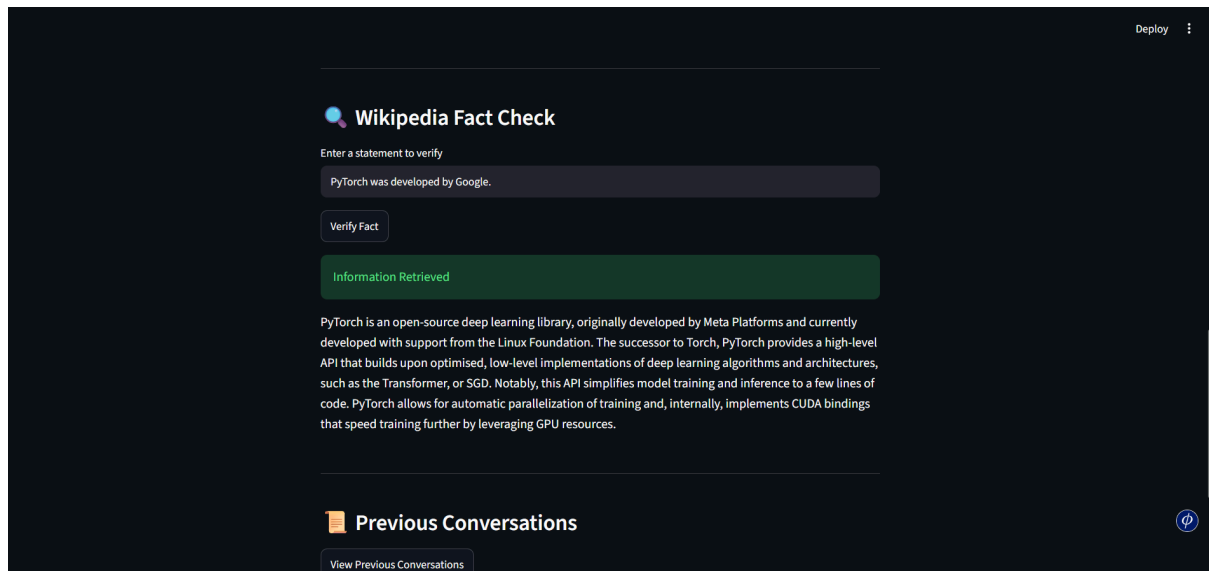

The screenshot shows the 'Personalized Networking Assistant' web application. The title 'Personalized Networking Assistant' is displayed with a yellow heart icon. Below the title, there is a section for 'Event Description' with a text input field containing 'AI for sustainable cities'. Another section for 'Your Interests (comma separated)' has a text input field containing 'AI,ML'. A 'Generate Conversation Starters' button is located below the interests field. Underneath, the 'Detected Themes' section shows two green boxes labeled 'AI' and 'ML'. The interface is dark-themed with a 'Deploy' button in the top right corner.

2 Conversation Starters

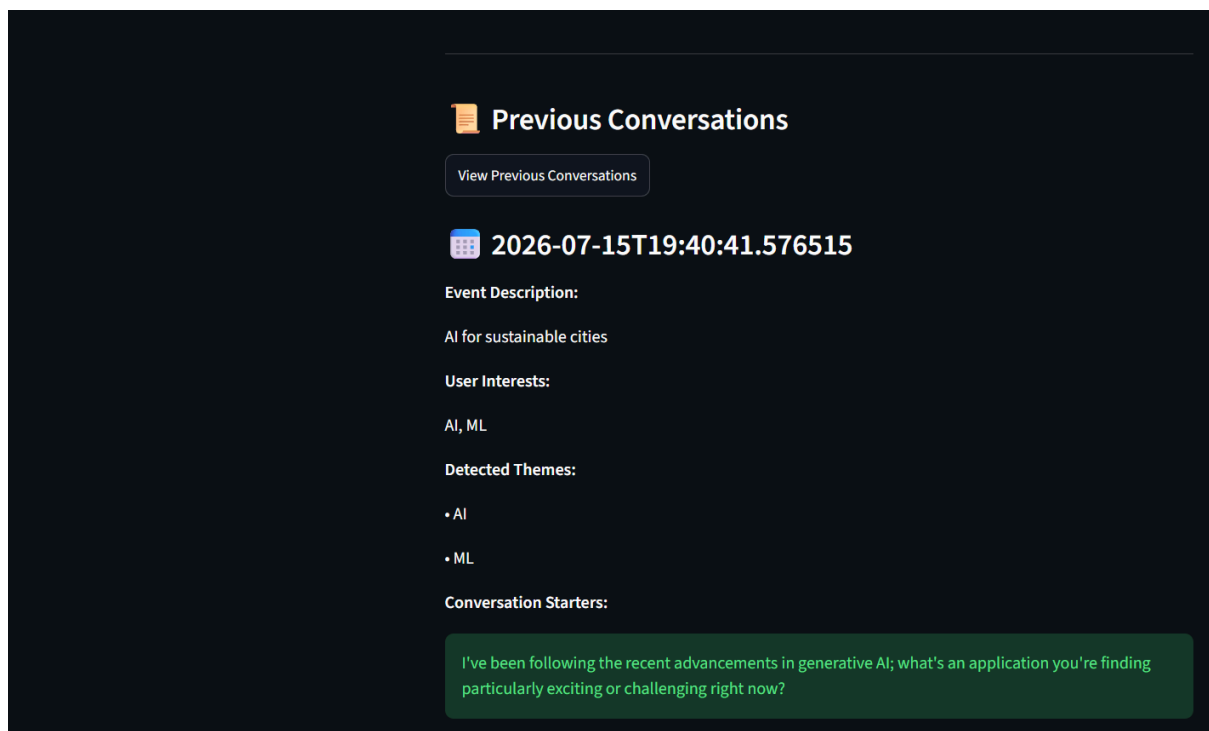

The screenshot shows the 'Conversation Starters' web application. It displays three prompts for conversation starters, each with 'Like' and 'Dislike' feedback buttons. The first prompt is: '1. I've been following the recent advancements in generative AI; what's an application you're finding particularly exciting or challenging right now?'. The second prompt is: '2. Given the rapid pace of ML development, what's one emerging trend in the field that you believe will have the biggest impact in the next 1-2 years?'. The third prompt is: '3. I'm curious about practical applications of AI/ML beyond the hype; what's a project you've worked on or seen that truly demonstrates its value?'. A green box with the text 'Thanks for your feedback!' is visible between the first and second prompts. The interface is dark-themed with a 'Deploy' button in the top right corner. The Windows taskbar is visible at the bottom, showing the time as 09:14 PM on 15-07-2026.
